

Country Focus Document

Orange Knowledge Programme (OKP)

Last update: 17 March 2021

November 2020: to bring more focus into the programme, and to be more aligned with the Dutch policy on Foreign Trade and Development Cooperation (BHOS beleid) we have made changes in the country list. Suriname is now the only Compact country (C-country) left on the programme list. This means that Armenia, Bhutan, Bolivia, Cambodia, Cuba, Georgia, Nepal, Nicaragua, North Macedonia, Pakistan, Peru, Philippines, Sri Lanka, Thailand and Zimbabwe are not part of the programme for upcoming calls. Also Iraq joined the list for scholarships and training.

March 2021: adjustment of themes for Benin, Mali, Burkina Faso & Niger. New link to Country themes page including all regional context documents.

Co-funding

Note that co-funding is only applicable for group trainings and institutional collaboration projects – not for individual scholarships. The percentages shown below in the “co-funding” column show the minimum percentage of co-funding required. At least half of this minimum percentage should come from the requesting organization. The remaining required amount of co-funding is free to come from various other sources.

In order to enhance effectiveness and sustainability of individual scholarships and TMTs, applications should be linked to the priority areas provided by the Embassy of the Kingdom of the Netherlands. The Embassy of the Kingdom of the Netherlands would like to support the following strategic partners or organizations:

Country	Priority areas	Strategic partners	Co-funding	ODA Country Category	OKP Country Category
Afghanistan	Rule of Law and anti-corruption, Human rights, peace, security and social progress (including women rights and gender equality), Water management and agriculture, Economic development.
